

Local Assistance Plan (LAP)
Diagnostic Self-Review Document and Report Template

Name of Principal:	Jack Strassman
Name/Number of School:	Liberty Middle/High School – 590901060006
School Address:	125 Buckley Street, Liberty, NY 12754
School Telephone Number:	845-292-5400
Principal's Direct Phone Number:	845-292-5400 Extension 2004
Principal's E-Mail:	jstrassman@libertyk12.org
District Telephone Number:	845-292-5400
Superintendent's Direct Phone Number:	845-292-5400 Extension 2051
Superintendent's E-Mail:	wsilver@libertyk12.org
Reason for LAP Designation:	Hispanic Graduation Rate
Website Link for Published Report:	www.libertyk12.org

School Principal's Signature _____

Date 11-18-14

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature _____

Date 11-18-14

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 21, 2014, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the “who, what, when, and why” of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.

Rating **Statement of Practice 2.2:** The school leader ensures that the school community shares the Specific, Measurable, Ambitious, Results-oriented, and Timely (SMART) goals/mission and long-term vision inclusive of core values that address the priorities outlined in the School Comprehensive Educational Plan (SCEP).

<input type="checkbox"/>	Highly Effective	<p>a) The SMART goals/mission and long-term vision are created and supported by staff, families, and students and are uniformly seen, heard, and known across the entire school community and affiliated partnerships.</p> <p>b) The school leader champions the implementation of a data-driven mission for student achievement and well-being and holds the school community of stakeholders accountable for working to realize the long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.</p> <p>c) The school leader and community stakeholders regularly monitor and evaluate progress toward attainment of SMART goals and priorities in the SCEP that are aligned to the long-term vision, making adjustments when goals are not achieved, improvements are needed, and priorities become misaligned.</p>
<input type="checkbox"/>	Effective	<p>a) The SMART goals/mission and long-term vision are created and supported by a representative group of staff, families, and students and some affiliated partnerships.</p> <p>b) The school leader shares a data-driven mission for student achievement and well-being with the school community of stakeholders and has a plan for how to work together to realize this long-term vision and the school priorities as outlined in the SCEP and other school improvement documents.</p> <p>c) The school leader and community stakeholders monitor and evaluate progress once or twice a year toward SMART goals and priorities in the SCEP aligned to the long-term vision.</p>
<input checked="" type="checkbox"/>	Developing	<p>a) The SMART goals/mission and long-term vision are created with limited input by stakeholders, and are in the process of being shared with staff, families, and students across the school community.</p> <p>b) The school leader has a data-driven mission for student achievement and well-being, outlined in the SCEP, and is in the process of developing how the school community will work to realize the long-term vision.</p> <p>c) The school leader is in the process of adapting SMART goals that better align to the long-term vision, or these SMART goals exist but are not monitored and evaluated.</p>
<input type="checkbox"/>	Ineffective	<p>a) The SMART goals/mission and long-term vision are unknown, not commonly understood, and/or have not been shared with staff, families, and students across the school community.</p> <p>b) The school leader has not developed a data-driven mission that is connected to the long-term vision.</p> <p>c) The school leader has not developed SMART goals or the current goals are not aligned to the long-term vision.</p>

<p>Actions in this area to be taken to improve the identified subgroup(s) student performance levels.</p>	<ol style="list-style-type: none"> 1. Create new protocols for Rtl implementation. 2. Analyze data collected on Hispanic students from School Management System. 3. Formalize Academic Intervention Services process in English Language Arts and Mathematics. 4. Track students' academic progress in grades 9-12 monthly (one grade level per week).
<p>Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.</p>	<ol style="list-style-type: none"> 1. Student Management System (School Tool) 2. Weekly Student Support Meetings 3. Post-observation Meetings
<p>Describe the professional development activities planned to support the implementation of the actions in this area.</p>	<p>Develop, Implement, and monitor protocols to share academic student achievement data within the school community including classroom data and building-wide data.</p> <ol style="list-style-type: none"> 1. Building Administrators will provide training for faculty and staff during faculty meetings and Superintendent's conference days 2. Outside paid consultant for Curriculum Renewal will provide training for building leadership 3. Instructional Support Professional Development offerings from Sullivan County BOCES will provide training on improving instructional practices and subject-level/grade-level academic subject supports.

Rating	Statement of Practice 2.3: Leaders make strategic decisions to organize programmatic, human, and fiscal capital resources.							
<input type="checkbox"/>	Highly Effective	<p>a) The school leader collaborates with staff to create and use transparent systems and protocols that afford students and teachers the ability to fully benefit from a flexible and thoughtful program, which includes a creative expanded learning time program, that are aligned to student achievement.</p> <p>b) The school leader strategically recruits, hires, and sustains personnel. The leader uses a variety of partner organizations to create a pool of internal and external human capital that enables the school to creatively, equitably, and adequately meet the academic and social needs of all students. Where the district makes the hiring decisions, the school leader articulates successfully the need for appropriate staff.</p> <p>c) The school leader analyzes and identifies fiscal capital available to the school community throughout the school year, making on-going strategic and sustainable decisions to fund targeted efforts aligned to school-wide goals, considering the needs of all students and staff members. Where the district makes the fiscal decisions, the school leader articulates successfully the need for appropriate funding.</p>						
<input checked="" type="checkbox"/>	Effective	<p>a) The school leader collaborates with staff to create and use systems and protocols for programming for students and teachers, which incorporates an expanded learning time program, that are aligned to student achievement.</p> <p>b) The school leader uses some partnerships to recruit, hire, and sustain personnel that enable the school to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader articulates the need for appropriate staff.</p> <p>c) The school leader analyzes and identifies fiscal capital available to the school community throughout the school year, making interim strategic decisions to fund targeted efforts aligned to school-wide goals, considering the needs of all students and staff members. Where the district makes the fiscal decisions, the school leader articulates the need for appropriate funding.</p>						
<input type="checkbox"/>	Developing	<p>a) The school leader uses systems, including an expanded learning time program, for programming for students and teachers that are aligned to student achievement for some groups of students.</p> <p>b) The school leader has taken some steps to secure personnel who will enable the school to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader has not clearly articulated the school's needs.</p> <p>c) The school leader makes decisions sporadically on the use of available fiscal capital to fund efforts aligned to school-wide goals. Where the district makes the fiscal decisions, the school leader has not clearly articulated the school's funding need.</p>						
<input type="checkbox"/>	Ineffective	<p>a) The school leader does not have systems for programming for students and teachers or the systems, including an expanded learning time program, are not aligned to student achievement, or an expanded learning time program does not exist and there are no plans to create one.</p> <p>b) The school leader is not addressing the need to hire personnel to meet the academic and social needs of the students. Where the district makes the hiring decisions, the school leader has not made an effort to communicate with the district about hiring needs.</p> <p>c) The school leader does not connect the use of fiscal capital to school goals. Where the district makes the fiscal decisions, the school leader has not made an effort to communicate with the district about funding needs.</p>

Rating	Statement of Practice 3.4: The school leader and teachers have developed a comprehensive plan for teachers to partner within and across all grades and subjects to create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities.							
<input type="checkbox"/>	Highly Effective	a) The school leader and teachers consistently use comprehensive and adaptive plans to form partnerships and create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities within and across all grade levels and subjects. b) Teachers consistently collaborate within and across grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula. c) Teachers consistently collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take immediate action to make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.						
<input type="checkbox"/>	Effective	a) The school leader and teachers use plans to form partnerships and create interdisciplinary curricula targeting the arts, technology, and other enrichment opportunities within and across all grade levels and subjects. b) Teachers periodically collaborate within grades and subjects to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, and there is evidence that teachers regularly develop innovative strategies for connecting these curricula with subject-specific curricula. c) Teachers periodically collaborate in grade/subject level teams to formally reflect on the impact of the interdisciplinary curricula, take action according to a set schedule (e.g., beginning, middle, and end of the year), make revisions when needed, and ensure that there is a common understanding about what is taught and why it is taught.						
<input checked="" type="checkbox"/>	Developing	a) The school leader and teachers address interdisciplinary curricula and develop partnerships in the absence of a plan or are in the process of developing a plan to create interdisciplinary curricula and partnerships targeting the arts, technology, and other enrichment opportunities within and across all grade levels and core subjects. b) Teachers are beginning to collaborate and discuss ways to deliver interdisciplinary curricula that incorporate the arts, technology, and other enrichment opportunities, or limited numbers of teachers deliver interdisciplinary curricula within grades and subjects. c) Teachers individually reflect on the impact of interdisciplinary curricula, or the school leader and teachers are in the process of planning formal reflection time to discuss the impact of interdisciplinary curricula and make revisions.						
<input type="checkbox"/>	Ineffective	a) The school leader and teachers do not have formal partnerships to address interdisciplinary curricula. b) Teachers do not collaborate and discuss ways to deliver interdisciplinary curricula within grades and subjects. c) Teachers have not developed interdisciplinary curricula, or there are no plans or processes for reflecting and revising current curricula.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	1. Continue support for faculty interdepartmental coordination such as English – Social Studies, Math – Science – Technology, Social Studies – Foreign Language							
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	1. Common Core Curricula in English Language Arts and Mathematics in grades 5-10 2. Update Curricula Mapping in English Language Arts and Mathematics in grades 5-10 3. Teacher Leader Meetings (MS/HS) with Building Principal on a monthly basis 4. Teacher Leader Meetings (K-12) with Assistant Superintendent on a monthly basis							
Describe the professional development activities planned to support the implementation of the actions in this area.	Encourage the use of interdisciplinary coordination amongst the various departments and provide training to ensure that the practice is used correctly 1. Building Administrators will provide training for faculty and staff during faculty meetings and Superintendent’s conference days 2. Outside paid consultant for Curriculum Renewal will provide training for building leadership 3. Instructional Support Professional Development offerings from Sullivan County BOCES will provide training on improving instructional practices and subject-level/grade-level academic subject supports.							

Rating	Statement of Practice 3.5: Teachers implement a comprehensive system for using formative and summative assessments for strategic short and long-range curriculum planning that involves student reflection, tracking of, and ownership of learning.					
<input type="checkbox"/>	Highly Effective	<p>a) Teachers have and use strategic comprehensive assessment system for using multiple measures of data: structure and protocols for analysis, plan to track progress over time on explicitly identified targets, creation of pre- and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.</p> <p>b) Teachers create and use a variety of appropriate, common assessments data (including pre-, post-, formative and summative) across all grades and subject areas ensuring alignment between the curriculum and assessment tools.</p> <p>c) Teachers have a system for providing regular and explicit feedback to students that is based on data and facilitates student ownership of learning. This system includes student use of rubrics to complete assignments, student self-assessment, student tracking of individual progress, and student reflection upon and adjustment of individual learning strategies to address explicit teacher feedback.</p>				
<input checked="" type="checkbox"/>	Effective	<p>a) Teachers have and use a comprehensive system for using data: identified targets, pre-and post-unit assessments and have a process for adapting curriculum that demonstrates improving individual and subgroup achievement.</p> <p>b) Teachers use pre-, post-, formative and summative assessment data across all grades and subject areas, ensuring alignment between the curriculum and assessment tools.</p> <p>c) Teachers provide on-going feedback on data to students, supporting student ownership of learning.</p>				
<input type="checkbox"/>	Developing	<p>a) Teachers are beginning to develop a system to analyze and use data to make curricular decisions.</p> <p>b) Teachers are in the process of developing multiples types of assessments to ensure alignment between curriculum and assessment, or the use of the variety of assessments is inconsistent throughout the school.</p> <p>c) Teachers are learning to provide feedback based on data to students to address student ownership of learning.</p>				
<input type="checkbox"/>	Ineffective	<p>a) Teachers discuss data, but these discussions do not inform curricular decisions.</p> <p>b) Teachers do not use a variety of assessments, or the assessments used are misaligned.</p> <p>c) Teachers do not provide feedback based on data.</p>

Rating	Statement of Practice 4.3: Teachers provide coherent, and appropriately aligned Common Core Learning Standards (CCLS)-based instruction that leads to multiple points of access for all students.							
<input type="checkbox"/>	Highly Effective	a) Teachers use instructional practices that are systematic and explicit, based on sequential lesson plans appropriately aligned to CCLS (or content based standards), and reflective of the CCLS SHIFTS to instruct all groups of students. b) Teachers stimulate deep levels of thinking and questioning in students through the use of adaptive CCLS (or content based standards) instructional materials that contain high levels of text and content complexity and multiple strategies to provide a wide variety of ways to engage in learning.						
<input checked="" type="checkbox"/>	Effective	a) Teachers use instructional practices appropriately aligned to CCLS (or content based standards) lesson plans are reflective of the CCLS SHIFTS to instruct all groups of students. b) Teachers stimulate student thinking by asking questions through the use of adaptive CCLS (or content-based standards) instructional materials that contain high levels of text and content complexity.						
<input type="checkbox"/>	Developing	a) Teachers are beginning to develop lesson plans that are appropriately aligned to CCLS (or content based standards) and reflective of the CCLS SHIFTS to inform their instructional practices, or some teachers use instructional practices aligned to CCLS lesson plans and reflective of the CCLS SHIFTS in specific content areas. b) Teachers across the school do not consistently ask higher-order thinking questions, or the instructional materials do not contain high levels of text and content complexity.						
<input type="checkbox"/>	Ineffective	a) Teacher instruction is not aligned to CCLS or content-based standards and not based on lesson plans. b) Teachers use strategies and ask questions that require only basic knowledge of the subject and limit ways in which students are able to acquire learning by providing a single point of access for all students.

Rating	Statement of Practice 4.5: Teachers inform planning and foster student participation in their own learning process by using a variety of summative and formative data sources (e.g., screening, interim measures, and progress monitoring).							
<input type="checkbox"/>	Highly Effective	a) Teachers use a wide variety of relevant data to create adaptive lesson plans that account for student grouping and determine the appropriate intensity and duration of instruction. b) Teachers use summative and formative assessments, including screening, progress monitoring, interim measures and outcome assessments, to develop highly dynamic and responsive plans based on students' strengths and needs. c) Teachers provide frequent and relevant feedback to students based on the analysis of timely data, and students draw on the feedback so that they can reflect upon and assess their own progress.						
<input checked="" type="checkbox"/>	Effective	a) Teachers use data to create targeted plans and adjust student groupings and instructional strategies for most students. b) Teachers use summative and formative assessment data to inform instructional decision making, including student grouping and instructional strategies. c) Teachers provide frequent feedback to students based on the analysis of timely data and provide students with next steps for students to take to progress.						
<input type="checkbox"/>	Developing	a) Teachers are beginning to use plans for adjusting student groupings and instructional strategies. b) Teachers are in the process of using summative and formative assessments that inform instructional decision making, or the practice of using data sources and analyzing the information to inform instructional decision making is inconsistent. c) Teachers provide limited data-based feedback to students.						
<input type="checkbox"/>	Ineffective	a) Teachers do not have or use plans for grouping students and adjusting their instruction. b) Teachers do not use summative and formative assessments to inform instructional decision making. c) Teachers provide feedback that is not purposeful or based on data.

Tenet 5 - Student Social and Emotional Developmental Health: The school community identifies, promotes, and supports social and emotional development by designing systems and experiences that lead to healthy relationships and a safe, respectful environment that is conducive to learning for all constituents.

Rating	Statement of Practice 5.2: The school leader establishes overarching systems and understandings of how to support and sustain student social and emotional developmental health and academic success.							
<input type="checkbox"/>	Highly Effective	a) The school leader, using a distributive leadership model, establishes a deliberate system, understood and followed by all staff members, that allows each student to be well known by a designated adult and positively reinforces academic success for all students. b) The school leader ensures that all staff members know and use a strategic and comprehensive system for referral and support for all students that includes researched-based programs and practices intended to promote academic success, family engagement, and student emotional health and wellness. c) The school leader ensures that all stakeholders strategically use data to identify areas of need, cultivates purposeful partnerships to promote student social and emotional health and academic achievement, and leverages internal or external resources to support and sustain the system.						
<input type="checkbox"/>	Effective	a) The school leader, together with staff, establishes a system that allows each student to be known by a designated adult and positively reinforces academic success for all students. b) The school leader ensures that all staff knows and uses research-based programs and practices for referral and support for all students that address social and emotional developmental health and academic success. c) The school leader ensures that all staff members use data to identify areas of need and leverages internal resources to promote student social and emotional developmental health.						
<input checked="" type="checkbox"/>	Developing	a) The school leader is working with staff to develop a system that will allow each student to be known well by an adult, or the system that exists is inconsistently practiced by staff members. b) The school leader is developing a system of referral and support that addresses the social and emotional developmental health and academic success of students, or the system that exists is not consistently used across the school. c) The school leader is developing or improving the mechanism for staff members to use data to identify areas of need connected to student social and emotional developmental health, or data is used by some staff members to promote student social and emotional developmental health.						
<input type="checkbox"/>	Ineffective	a) The school leader has not prioritized the development of an effective system that will allow each student to be known by an adult. b) The school leader has not developed a system of referral and support, or the system in place does not address the needs of the students. c) The school leader has not made the use of data a priority in identifying student areas of need connected to social and emotional developmental health.

Tenet 6 - Family and Community Engagement: The school creates a culture of partnership where families, community members and school staff work together to share in the responsibility for student academic progress and social-emotional growth and well-being.

Rating	Statement of Practice 6.2: The school leader ensures that regular communication with students and families fosters their high expectations for student academic achievement.					
<input type="checkbox"/>	Highly Effective	<p>a) The school leader, in collaboration with the staff, ensures that staff members are knowledgeable about the school's priority and plan for students to graduate from high school and complete postsecondary education (college, CTE) with advanced competence, and school staff regularly communicate this priority to students, parents, and community leaders in ways that are appropriate for the grade level of the students.</p> <p>b) The school community implements proactively the plan to create diverse and meaningful opportunities for engaging students, families, and community stakeholders in the conversation regarding high expectations for student academic achievement and uses multiple points of entry to provide tips and tools focused on student learning and development.</p> <p>c) The school leader and community review and assess routinely how parents respond to the efforts to build family-school partnerships to foster high expectations for student academic achievement and make timely adjustments if strategies are not working.</p>				
<input type="checkbox"/>	Effective	<p>a) The school leader makes it a school-wide priority for all students and their families to be aware of the school-wide expectations and plan pertaining to graduating from the school and provides age appropriate information about college and postsecondary CTE programs to students and their families.</p> <p>b) The school community implements the plan to foster conversations with students and families regarding high expectations for student academic achievement and provides tips and tools focused on student learning and development.</p> <p>c) The school staff reviews and assesses how parents respond to the efforts to build family-school relationships and makes periodic adjustments to those efforts if strategies are not working.</p>				
<input checked="" type="checkbox"/>	Developing	<p>a) Most of the school staff members are knowledgeable about the expectations for student academic achievement, or the school leader is developing a plan to communicate the expectations to students and families.</p> <p>b) The school community is beginning to use a plan to encourage students and families to learn about the expectations for student academic achievement, or a limited number of staff members are having these conversations with students and families.</p> <p>c) The school staff is working to adjust their efforts to build family-school relationships, or only some staff regularly review and adjust their efforts to building relationships to foster high expectations for student academic achievement.</p>				
<input type="checkbox"/>	Ineffective	<p>a) The school leader has not prioritized communicating high expectations for student academic achievement, and there is little or no evidence that staff communicates these expectations to students and families.</p> <p>b) The school community does not promote or engage students and families in conversations regarding student academic expectations.</p> <p>c) The school staff is neither examining nor adjusting the school's efforts to build relationships with students and families to foster high expectations for student academic achievement.</p>

Rating	Statement of Practice 6.5: The school shares data in a way that promotes dialogue among parents, students, and school community members centered on student learning and success and encourages and empowers families to understand and use data to advocate for appropriate support services for their children.					
<input type="checkbox"/>	Highly Effective	a) School leaders, data specialists, student support professionals, program coordinators, and community agencies share data and integrate data systems in order to identify family needs and target appropriate support strategies. b) The entire school community ensures that student data is shared in a way that families can understand a child's learning needs and successes, proactively advocate for their children, and partner with the school to provide appropriate student support.				
<input type="checkbox"/>	Effective	a) School leaders, data specialists, student support professionals, and program coordinators use data to identify family needs and target strategies to address them. b) The school community ensures that student data is shared in a way in which families can understand student learning needs and successes and are encouraged to advocate for student support.				
<input checked="" type="checkbox"/>	Developing	a) The school staff recognizes that there is a need to share and integrate data systems to identify family needs, and a plan is being developed to do so, or the school staff uses data but is not working with the school's partnerships to share and respond to data pertaining to family needs. b) The school community inconsistently shares data regarding student learning needs and success that families can access and understand.				
<input type="checkbox"/>	Ineffective	a) There is no evidence that school leaders, data specialists, student support professionals, and program coordinators have prioritized or recognized the need to share and integrate data systems. b) The school community does not share data with parents in ways they can understand.

Describe the process used to develop this plan pursuant to CR100.11.

In preparing this document, building administration used several resources to complete the packet.

1. Building administration reviewed all teacher observations from the past year to determine if there were issues in the observations that reflected on the deficiency.
2. The HS Assistant Principal accumulated data on every Hispanic student attending Liberty High School that included the following:
 - a. Grade
 - b. Cohort
 - c. 1st Language
 - d. Strength/Weakness in English Language Arts, Mathematics, Science, and Social Studies
 - e. Attendance Rate
 - f. Credits earned before entering 9th grade
 - g. Number of credits taken in their current schedule
 - h. Total credit earned entering the current school year
 - i. Special Education
 - j. Economically Disadvantaged
 - k. Number years it will take student to complete high school
3. Surveys were completed by Superintendent's Cabinet, MS/HS administration, MS/HS faculty, and MS/HS Guidance
4. The information obtained above was collected, organized, and analyzed to provide insight into the development of the HEDI questions.
5. MS/HS Principal and Assistant Principal completed the LAP document in its entirety.

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

During this past summer, in anticipation of the need for a LAP, the building administration worked on developing action steps in response to the Board of Education goals. The Board established four main long range goals:

1. Increase the graduation rate by creating a supportive and positive learning environment and by developing intervention programs and strategies to identify and assist students in grades Pre-K through 12.
 - a. Monitor leading indicators in areas students are prone to become at-risk to develop an early warning detection system.
 - b. Develop and implement intervention strategies that assist students, including at-risk students and provide pathways to become successful and deter dropping out.
 - i. Monitor student attendance and contact parent/guardian for more than 5 unexcused absences.
 - ii. Monitor student progress through School Tool Student Data System
 - iii. Implement effective AIS program(s), including Credit Recovery, to offer assistance to struggling students
 - iv. Improve the Culture in the classroom
 - v. Continue implementation of Lucy Calkins Writing Program, grades 5 - 12
 - vi. Monitor # of students enrolled in higher level courses
 - c. Increase student achievement to improve the graduation rate
 - i. Work with teachers on lesson design & implementation to include:
 - ii. -differentiation of content, process, & product;
 - iii. -active student engagement, including meaningful dialogue and goal-setting; and
 - iv. - address essential learning of short- and long-term goals
 - d. Monitor lesson design through classroom observation process
 - e. Conduct longitudinal analysis of teacher APPR data.
2. Increase student achievement and teacher effectiveness through the collection and use of data to drive improvements in instruction, student performance, and the overall quality of the educational system within Liberty School District.
 - a. Properly train administrators and teachers on the collection, compiling, distribution and interpretation of data.
 - b. Develop district data team, building data teams, grade level, and departmental data teams.
 - c. Provide administrators and teachers time to have meaningful conversations about Data Driven Instruction (DDI) and how to utilize data to improve student performance.
 - i. Continue to provide Professional Development to faculty and staff to support BOE goals.
 - ii. Prioritize and Align Building Leadership Team(s) Plans & Teacher Leader Team Meetings to address BOE Goals
 - iii. Create Data Walls for external display and internal analysis
 - d. I. Middle School Acceleration/Enrichment
 - i. Formulate the process to identify students for acceleration in the MS.
 - ii. Implement a screening test for Math and Science.
 - e. II. High School Acceleration/Enrichment
 - i. Review past four years of historical data on students' participation in electives, college courses, and AP courses.
 - ii. Survey students to determine interest in accelerated and enrichment courses.
 - iii. Create additional course offerings in all departments
3. Increase student achievement and foster the growth of 21st Century Skills by aligning course curricula to the Common Core Standards and integrating technology in classrooms Pre-K through 12.
 - a. Provide professional development opportunities to fully train teachers in the Common Core.
 - b. Provide professional development opportunities to fully train administrators and teachers in technology integration in the classroom to support student learning.
 - c. Provide STEM programs and interdisciplinary learning opportunities for students.
 - i. Continue to adjust the Master Schedule to meet changing educational goals and support student achievement.
 - ii. Increase the use of educational Technology in the classroom by both students and teachers
 - iii. Provide professional development opportunities to support increased use of technology/development of STEM & interdisciplinary programs.
4. The Board of Education will ensure that the Liberty Central School District is fiscally sound and will responsibly support the goals and priorities of the district.
 - a. Explore innovative cost saving measures while maintaining quality educational programs for all of our students.
 - b. Continue to pursue Phase II of the building renovation project to complete the district's long range facilities plan.
 - i. Review current staffing to optimize educational resources for students.
