### **Leader in Me**

The Leader in Me program is designed to empower students to make positive, responsible choices. The program is not a curriculum or instructional method, but rather a school culture model in which students learn Stephen Covey's 7 Habits of Happy Kids, and The 7 Habits of Highly Effective Teens, spin-offs from his original book, The 7 Habits of Highly Effective People, and The 8th Habit. The high school is implementing a Freshman Leadership Orientation course that is required by freshmen. More information is found in the Program of Studies.

### **8 Habits of Highly Effective Teens**

- ❖ **Habit 1: Be Proactive**
  - *Take responsibility for your life*
- ❖ **Habit 2: Begin with the End in Mind**
  - *Define your mission and your goals in life.*
- ❖ **Habit 3: Put first things first**
  - *Prioritize, and do the most important thing first.*
- ❖ **Habit 4: Think Win-Win**
  - *Have an everyone-can-win attitude.*
- ❖ **Habit 5: Seek First to Understand, Then to be Understood**
  - *Listen to people sincerely.*
- ❖ **Habit 6: Synergize:**
  - *Work together to achieve more.*
- ❖ **Habit 7: Sharpen the Saw**
  - *Renew yourself regularly*
- ❖ **Habit 8: Find Your Voice**

### **STATEMENT OF NONDISCRIMINATION/ANTI-HARASSMENT**

It is the policy of the Liberty Central School District not to permit discrimination or harassment based on race, creed, color, sex, national origin, religion, age, economic status, marital status, sexual orientation, or disability in the District's educational programs, activities, or employment.

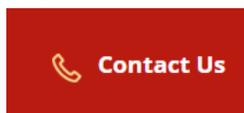

## **PARENTS WITH DISABILITIES**

Parents with disabilities will have an equal opportunity to participate in the services, programs, and activities of the district, particularly those designed for parental involvement and directly related to their child’s academic and/or disciplinary progress (e.g., parent/teacher conferences, and/or meetings with other school personnel). You should direct requests for accommodations to the District at least ten business days before the scheduled activity or program. Such requests should include a description of the parent’s needs and the specific accommodation they are requesting.

## **PARENTAL INVOLVEMENT**

The Liberty Central School District believes that children succeed when there is a strong partnership between home and school. This partnership thrives on open communication between parents and the school, parental involvement in their child’s education, and parental responsibility for all aspects of their child’s education.

You can access the email addresses of school employees by going to the website,

## **PARENT PORTAL**

The Liberty Central School District is presently providing access for parents to our “SchoolTool Parent Portal.” Parents/guardians will be able to access their child’s information securely in our student management system via the Internet. Viewable information through this portal includes your child’s schedule, attendance (daily & course), discipline, progress reports, report cards, and individual class averages and assignments (as determined by the teacher). In addition, parents/guardians will be able to email teachers from within the portal.

In order to get started, we will need some information from you:

1. ONLY parents/guardians who request parent portal access may access this system.
2. Send an email to [HSParentPortal@Libertyk12.org](mailto:HSParentPortal@Libertyk12.org), from your current email address.
  - a. For example, if your email address is [sam@yahoo.com](mailto:sam@yahoo.com), then you must send this initial request from that email address. Your email address will become your username for the parent portal. In addition, any email correspondence between you and the school, through this parent portal, will go to this email address.
3. In the subject line of your email, type “Parent Portal Access.”
4. In the body of the email, please include the following: your name and the name and grade of your child as indicated in the school records. (Joseph Smith grade 10, not Joey Smith)
5. Within one week after you submit your request, you will receive an email with instructions for logging into the parent portal, getting a temporary password, changing your password, and navigating the site. These instructions will also appear on the Liberty website at [www.libertyk12.org](http://www.libertyk12.org). If you have questions during the process that the instructions on the website do not address, please email [HSParentPortal@Libertyk12.org](mailto:HSParentPortal@Libertyk12.org) for assistance.

Please understand that the Liberty Central School District DOES NOT have access to your password. If you forget your password, please use the system process to acquire a new one. No one in the district has the authority to reset your password. We hope that you will find this information helpful as we strive to increase communication between school and home.

**COMPREHENSIVE STUDENT ATTENDANCE POLICY**  
excerpt from BOE Policy §5000, #5100 - adopted December 13, 2022

The Board of Education recognizes that regular school attendance is a major component of academic success. Through implementation of this policy, the Board expects to minimize the number of unexcused absences, tardiness, and early departures (referred to in this policy as “ATEDs”), encourage full attendance by all students, maintain an adequate attendance recordkeeping system, identify patterns of student ATEDs and develop effective intervention strategies to improve school attendance.

**Notice**

To be successful in this endeavor, it is imperative that all members of the school community are aware of this policy, its purpose, procedures and the consequences of non-compliance. To ensure that students, parents, teachers and administrators are notified of and understand this policy, the following procedures shall be implemented.

- A plain language summary of this attendance policy will be included in student handbooks and will be reviewed with students at the start of the school year.
- Parents will receive a plain language summary of this policy electronically at the start of the school year. Parents will be asked to acknowledge/digitally sign indicating that they have read and understand the policy.
- When a student is habitually (1 x weekly) absent, tardy, or leaves early from class or school without excuse, the student's school counselor, nurse, teacher or case manager will notify the student’s parent(s) by phone and/or mail, electronically/digitally of the specific ATED, remind them of the attendance policy, and review ATED intervention procedures with them.
- School newsletters and publications will include periodic reminders of the components of this policy.
- The district will provide a copy of the attendance policy and any amendments thereto to faculty and staff. New staff will receive a copy upon their employment.
- All faculty and staff will meet at the beginning of each school year to review the attendance policy to clarify individual roles in its implementation.
- Copies of this policy will also be made available to any community member, upon request.
- The district will share this policy with local Child Protective Services (CPS) to ensure a common understanding of excused and unexcused ATED’s and to work toward identifying and addressing cases of educational neglect.

**Excused and Unexcused Absences**

Excused ATEDs are defined as absences, tardiness, and early departures from class or school due to personal illness, illness or death in the family, impassable roads or weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, or such other reasons as may be approved by the building principal (including, but not limited to, absences due to

circumstances related to homelessness).

All other ATEDs are considered unexcused absences.

All ATEDs must be accounted for. It is the parent's responsibility to notify the school office within 24 hours of the ATED and to provide a written excuse upon the student's return to school. For homeless students, the homeless liaison will assist the student in providing or obtaining documentation if needed. Parent/guardian signatures for homeless unaccompanied youth are addressed in policy 5151 and regulation 5151-R.

### **General Procedures/Data Collection**

- Attendance will be taken during each class period (grades 5-12)
- At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the data person responsible for attendance.
- The nature of an ATED shall be coded on a student's record.
- Student ATED data shall be available to and should be reviewed by the designated school personnel in an expeditious manner. Each building will have a support person or support team review students' attendance on a monthly basis.
- Where additional information is received that requires corrections to be made to a student's attendance records, such correction will be made immediately. Notice of such a change will be sent to appropriate school personnel (Data person via School Tools) subject to applicable confidentiality rules.
- Attendance data will be analyzed periodically (at least monthly) to identify patterns or trends in student absences. If patterns emerge, district resources will be targeted to understand and eliminate barriers to attendance.
- Where consistent with other school practices, teachers and staff shall request a pass from students in the hallways who are absent from a class period without excuse and refer the students to the Building Principal.
- Continuous monitoring will be conducted to identify students who are absent, tardy, or leave class or school early. A student will be considered chronically absent if they miss ten percent or more of the school year. Satisfactory attendance is missing five percent or less of school over the course of the year. If a pattern of ATED's for an individual student is identified a designated staff person(s) will follow-up in accordance with this policy.

### **Online/Distance/Remote Learning**

Students learning remotely will need to show daily school participation, which is to be recorded by teachers and reported under the provisions of this policy. Such participation will vary depending on the type of remote learning taking place. This can include: documented participation in online or virtual classes, completion of assignments, documentation of daily school activities and learning, or correspondence via online platform, email, and telephone. Teachers are also expected to pay particular attention to the educational progress of students learning remotely, and initiate appropriate interventions with the student and their family if a

student does not show adequate engagement or growth.

### **Attendance Incentives**

The district will design and implement systems to acknowledge a student's efforts to maintain or improve school attendance. For example:

- At the building and classroom levels, Building Administrators and teachers are encouraged to schedule special events (quizzes, game days, debates, etc.) for days of chronically high absenteeism, like Mondays and Fridays.
- At the classroom levels, teachers are encouraged to assign special responsibilities (distribute and collect materials, lead groups, assist the teacher, etc.) to students who may need extra motivation to come to school.

### **Consequences of Excessive ATEDs**

A designated staff member(s) (the student's school counselor, nurse, teacher(s) or case manager) will contact the student's parents and the student's school counselor in the event that a student's record reveals excessive ATED's, excused and/or unexcused. Such staff member(s) shall remind parents of the attendance policy, explain the ramifications of excessive ATEDs, stress the importance of class attendance and discuss appropriate intervention strategies to correct the situation.

If attendance does not improve, those penalties may include, for example, detention or denial of the privilege of participating in or attending extracurricular events. However, absences related to homelessness shall not result in negative consequences where the district determines that it would be in the best interests of the student in retaining the student in school.

In addition, the designated staff member will contact local Child Protective Services (CPS) if they suspect that the child is being educationally neglected. The designated staff member will provide CPS with the information necessary to initiate a report. If other staff members suspect education neglect, they must follow the procedures outlined in Board policy and regulation 5460, Child Abuse in a Domestic Setting.

### **Attendance/Grade Policy**

The Board of Education recognizes an important relationship between class attendance and student performance. Consequently, each marking period a student's final grade may be based on classroom participation as well as student performance on homework, tests, papers, projects, etc.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused ATEDs will affect a student's class participation grade for the marking period.

Students with properly excused ATEDs may make up the work for each ATED, and those ATEDs will not count toward the minimum attendance.

To ensure that parents and students are aware of the implications of this minimum attendance requirement, the teacher or other designated staff member(s) will advise the student and contact the parent(s) by telephone/ by mail/electronically at appropriate intervals prior to the student reaching nine or 18 unexcused ATEDs.

In implementing the policy set forth above, students who are unable to attend school or a class on a given day due to their participation in a school-sponsored activity (i.e., music lessons, field trips), may arrange with their teachers to make up any work missed. This also applies to any student who is absent, tardy or leaves early from school or a class due to illness or any other excused reason.

All students with an excused ATED are expected upon their return to consult with their teachers regarding missed work.

Students who are absent will be given the opportunity to make up a test or other missed work and/or turn in a late assignment for inclusion in their final grade. Make up opportunities must be completed by a date specified by the student's teacher for the class in question. (If the child has been in an alternate setting such as a hospital, etc only 25% of the work will be required to be made up over an extended period).

### **Annual Review**

The Board shall annually review building-level student attendance records and, if such records show a decline in student attendance, the Board shall revise this comprehensive attendance policy and make any revisions to the plan it deems necessary to improve student attendance.

## **CODE OF CONDUCT**

**A plain language version of the School District's *Code of Conduct* follows. A full version is available in the Superintendent's office, the Building Principals' offices, and online at: <https://www.libertyk12.org/departments-services/school-climate-and-culture/code-of-conduct/>.**

### **Part I: Introductions**

The Board of Education is committed to providing a safe and orderly school environment where students may receive, and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents, and other visitors is essential to achieving this goal.

### **Part II: Definitions**

This section defines the following terms, for clarification: cyberbullying, Dignity Act Coordinator, disability, discrimination, disruptive student, emotional harm, employee, gender, gender expression, gender identity, harassment/bullying, parent, school bus, school property, school function, sexual orientation, violent student, and weapon.

### **Part III: Student Rights and Responsibilities**

The district is committed to safeguarding the rights given to all students under federal and state law and district policy. In addition, to promote a safe, healthy, orderly and supportive school environment, each student has the right to (1) take part in all district activities and education regardless of race, weight, color, creed, gender, religion, religious practice, national origin, ethnic group, economic status, sexual orientation or disability, (2) present their version of the facts before being disciplined, and (3) access school policies and rules.

Students have the responsibility, among other things, to: (1) contribute to maintaining a supportive, safe, and orderly school environment that is conducive to learning, (2) abide by the District's policies and regulations, and (3) work to the best of their abilities.

### **Part IV: Essential Partners**

All parents and guardians are expected to collaborate with the District to (1) optimize the educational opportunities for their children, (2) send their children to school on time, ready to learn, and appropriately dressed, and (3) encourage their children to understand and follow District rules.

All teachers, counselors, administrators, superintendent, board members and other school personnel are expected to promote and maintain a climate of mutual respect and dignity for all students regardless of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.

The Dignity Act Coordinator is expected to (1) promote a safe, orderly and stimulating school environment, supporting active teaching and learning for all students regardless of actual or perceived protected characteristics, (2) oversee and coordinate the District's bullying prevention committees and policies, and (3) address issues of harassment or any situation that threatens the emotional or physical health or safety of any student, school employee, or any person who is lawfully on school property or at a school function.

### **Part V: Student Dress Code**

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. A student's dress, grooming and appearance, including hair style/color, jewelry, make-up and nails, shall be safe, appropriate, not offend others, not cause embarrassment to them, and not disrupt or interfere with the educational process. Students who violate the student dress code will be required to modify their appearance by covering or removing the offending item and, if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school suspension for the day.

### **Part VI: Prohibited Student Conduct**

All students are expected to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, District personnel and other members of the school community, and for the care of school facilities and equipment. Students may be subject to disciplinary action, up to and including suspension from school, when they engage in conduct that is disorderly, insubordinate, disruptive, violent, or dangerous to the safety, physical or mental health or welfare of others. Students may also be subject to discipline for academic misconduct, misconduct on a school bus, and off-campus misconduct that interferes with, or can reasonably be expected to substantially disrupt the education process in school or at a school function. Examples of such actions are listed in the Code of Conduct.

### **Part VII: Reporting Violations**

All students and staff who witness violations of the Code of Conduct are expected to report the violations to a teacher, guidance counselor, the building principal, or his or her designee. If the violation constitutes a crime, the building principal or his or her designee must notify the appropriate local law enforcement agency. Students and staff who witness harassment, bullying, and/or discrimination, or receive an oral or written report of such acts, shall promptly report such conduct to the appropriate Dignity Act Coordinator.

### **Part VIII: Disciplinary Procedures, Penalties and Referrals for Students Without Disabilities**

In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the student's age, the nature of the offense and the circumstances which led to the offense, the student's prior disciplinary record, the effectiveness of other forms of discipline, information from parents, teachers, and others, and other extenuating circumstances. As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

Students who are found to have violated the Code may be subject to the following penalties: oral warning, written warning, written referral to a parent, detention, suspension from transportation, athletics, social or extracurricular activities, in-school suspension, removal from the classroom, short-term suspension, long-term suspension, and permanent suspension. Students may also be subject to remedial responses, including, but not limited to: peer support groups, assignment of an adult mentor, corrective instruction, engagement in a reflective activity, supportive intervention, behavioral assessment or evaluation, behavioral management plans or behavior contracts, and counseling.

Before penalties are imposed on students for violations other than an oral warning, written warning or written notification to their parents, the students are entitled to additional rights. The Code explains the specific rights that students have before the District can impose detention, suspension from transportation, suspension from athletics, extracurricular activities, or other privileges, in-school suspension, teacher disciplinary removal, short-term suspension, long-term suspension, and permanent suspension.

The District requires certain mandatory penalties to be imposed when students (1) bring a

weapon to school (suspension for at least one year), (2) commit other violent acts (suspension for at least five days), (3) are repeatedly substantially disruptive of the educational process (suspension for at least five days), and (4) repeatedly substantially interfere with the teacher's authority over the classroom (suspension for at least five days). The Superintendent has the authority to modify the minimum suspension periods on a case-by-case basis.

Under certain circumstances, the District may refer students to counseling, file PINS petitions for students, refer students for juvenile delinquency proceedings, and/or seek assistance from an outside community service agency.

### **Part IX: Alternative Instruction**

When a student age 16 or under is suspended from school, the District will take immediate steps to provide alternative means of instruction for the student. The District will make every effort to maintain student academic progress in the event of removal or suspension, and support student re-entry to the classroom following the suspension.

### **Part X: Disciplinary Procedures, Penalties and Referrals for Students With Disabilities**

At times, it may be necessary to suspend, remove or otherwise discipline students with disabilities who violate the Code. However, students with disabilities enjoy certain procedural protections that the District observes when it decides to suspend or remove these students. The following rules apply to students with disabilities. They may also apply to a student who is not yet identified as a student with a disability, but is determined to be presumed to have a disability for discipline purposes.

Students with disabilities can be placed into an interim alternative educational setting ("IAES"), another setting, or suspended: (1) by any administrator with the authority to suspend students, for no more than five consecutive school days; or (2) by the Superintendent, for no more than ten consecutive school days in the same school year (including any period in which the student has been suspended or removed for the same behavior). If a manifestation team determines that a student's behavior was not a manifestation of the student's disability (using a procedure that is outlined in the Code), the Superintendent may discipline the student in the same manner as a non-disabled student.

Additionally, the Superintendent may order a student with a disability to be placed in an IAES (to be determined by the committee on special education) for a period of up to 45 school days if the student (1) carries or possesses a weapon to or at school, (2) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, or (3) has inflicted serious bodily injury upon another person while at school.

Before students with disabilities may be subject to any of the above-listed penalties, they are entitled to certain rights, which are outlined in the Code. These include notice to parents (for suspensions of five days or less), and student disciplinary hearings (for suspensions of more than five days).

During suspensions or removals of up to 10 school days per school year that do not constitute a

disciplinary change in placement, the District will provide alternative instruction to students with disabilities on the same basis as non-disabled students. During subsequent suspensions or removals of more than 10 school days in a school year, the District will provide students with disabilities services necessary to enable them to (1) continue to participate in the general education curriculum, (2) progress toward meeting the goals set out in their respective individualized education program, and (3) receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications.

### **Part XI: Corporal Punishment**

Corporal punishment of a student, or any act of physical force upon a student for the purpose of punishing that student, by any District employee is strictly forbidden. However, reasonable physical force may be used when there is no other reasonable option in order to: (1) protect oneself, another student, teacher or any person from physical injury; (2) protect the property of the school or others; or (3) restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

### **Part XII: Student Searches and Interrogations**

Any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the Code. Students are not entitled to any sort of “Miranda”-type warning before being questioned by school officials, and school officials are not required to contact a student’s parent before questioning the student. In addition, administrators, the school nurse, and District security officials can conduct searches of students and their belongings if they have reasonable suspicion to believe that the search will result in evidence that the student violated the law or the Code.

Students have no reasonable expectation of privacy with respect to student lockers, desks, and other school storage places, and these may be searched at any time without prior notice to students and without their consent.

Strip searches can only be performed if they are authorized in advance by the Superintendent or the school attorney, or if there is an emergency situation that could threaten the safety of the student or others. Strip searches may only be conducted by a school official of the same sex as the student being searched, in the presence of another District employee of the same sex, when the school official has reasonable suspicion to believe the student is concealing evidence of a violation of law or the Code.

### **Part XIII: Visitors to Schools**

All visitors to the school must enter through the designated single point of entry and register immediately upon arrival at the school. Prior to entering the school, all visitors will press the admittance request button, state their name, state a valid reason for visiting the building, and will show an ID in the camera. After being admitted into the building, they will be required to present photo identification, sign the visitor’s register and will be issued a visitor’s identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return

the identification badge before leaving the building. All visitors are expected to abide by the rules for public conduct on school property contained in the Code.

#### **Part XIV: Public Conduct on School Property**

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner, and be properly attired. Individuals on school property or at school functions may be subject to disciplinary action when they engage in conduct that includes, but is not limited to: injuring others, damaging property, disrupting the orderly conduct of school activities, discriminating against, intimidating, or harassing others, obstructing movement, or violating local ordinances, Board policies, or laws.

#### **Part XV: Dissemination and Review**

The Board will work to ensure that the community is aware of the Code by distributing the Code, and posting it on its website. The Board will review the Code every year and update it as necessary. Before adopting any revisions to the Code, the Board will hold at least one public hearing at which school personnel, parents, students and any other interested party may participate.

### **RIGHTS AND RESPONSIBILITIES**

#### **A. Student Rights**

The District is committed to safeguarding the rights given to all students under federal and state law and District policy. In addition, to promote a safe, healthy, orderly and supportive school environment, all District students have the right to:

1. Take part in all District activities on an equal basis regardless of race, weight, color, creed, national origin, ethnic group, religion, religious practice, gender or sexual orientation or disability.
2. Present their version of the relevant events to school personnel authorized to impose a disciplinary penalty in connection with the imposition of the penalty.
3. Access school policies, regulations and rules and, when necessary, receive an explanation of those rules from school personnel.

#### **B. Student Responsibilities**

All District students have the responsibility to:

1. Contribute to maintaining a safe, supportive and orderly school environment that is conducive to learning and to show respect to other persons and to property.
2. Be familiar with and abide by all District policies, rules and regulations dealing with student conduct.

3. Attend school every day unless they are legally excused and be in class, on time, and prepared to learn.
4. Work to the best of their ability in all academic and extracurricular pursuits and strive toward their highest level of achievement possible.
5. React to direction given by teachers, administrators and other school personnel in a respectful, positive manner.
6. Work to develop mechanisms to manage their anger.
7. Ask questions when they do not understand.
8. Seek help in solving problems.
9. Dress appropriately for school and school functions.
10. Accept responsibility for their actions.
11. Conduct themselves as representatives of the District when participating in or attending school-sponsored extracurricular events and to hold themselves to the highest standards of conduct, demeanor, and sportsmanship.

## **Student Lockers, Desks and Other School Storage Places**

Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials without prior notice to students and without their consent.

## **Visitors to the School**

**The Building Principals or designees are responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to all visitors to the schools:**

### **PROCEDURES**

**All visitors are expected to abide by the rules for public conduct on school property contained in the Code of Conduct.**

To ensure the safety of our students, staff, and visitors, the Liberty Central School District has implemented a single point entry system for all school buildings. This system includes the use of a camera, intercom, and buzzer to gain access. All exterior doors will remain locked and visitor access will only be available through the front door.

## **Before School Begins**

Entry doors, designated by each school, will be opened by a staff member who will supervise the door the entire time it is open, at least 20 minutes prior to the tardy bell. Students will enter through the doors they are assigned to and proceed to their designated waiting location and/or breakfast to wait until they are dismissed to class. Once the tardy bell rings, all outside doors will be closed and locked.

## **During the School Day**

All doors will be closed and locked at the time of the tardy bell. After the tardy bell, visitors and tardy students must request entry into the building at the main entrance by pressing the intercom button.

## **Students arriving late**

Students who arrive after the tardy bell must report directly to the greeter desk to sign in and receive a tardy pass.

## **Visitors**

After a visitor pushes the intercom button, office personnel will:

- Request that the visitor shows identification to the intercom camera
- If the person is here for a student, the office staff will verify via SchoolTool that the visitor is on the student's contact list
- Otherwise, the office staff will verify the reason for the visit and verify that they have an appointment.
- If the visitor does not have an appointment, the greeter will check the availability of the

person they wish to visit. If that person is unavailable, the visitor will be advised to make an appointment or come back another time.

- If the visitor wishes to enter into the building, they will move to the next steps.
- If the visitor is able to enter, the greeter will unlock the entry door to enable access to the vestibule
- If the person wishes to sign-out a student, the office staff will bring the sign-out sheet out to the vestibule.

## Using the Self-Serve Kiosk to Enter the Building

- The visitor will go to the self-service kiosk and will scan their license or state-issued identification. The kiosk will communicate to the office staff whether the visitor is okay to enter the building.
- The visitor will be buzzed through the second set of doors to the greeter, who will confirm the purpose for their visit, give them a temporary badge, and have them sign in the visitor's log.

## If Visitor is Unable to Use the Self-Serving Kiosk

- If the visitor is not able to use the self-serving kiosk due to not having a state issued ID, a school administrator will have to verify that the person is legitimate.
- Following this, the greeter will confirm the visitor's information and the person they are picking up or visiting.
- Then, the visitor will receive a visitor pass to wear while on campus.

## After Receiving the Visitor Pass

- The person they are meeting will be contacted and respond to the greeter's desk
- All visitors will be accompanied around the school by a school staff member
- Before leaving campus, visitors must stop at the front office, sign out and return their visitor pass.

## Dropping off an item for a student

When dropping off an item for a student the visitor will:

- Press the intercom button
- Show identification to the intercom camera
- The visitor will be asked what they are dropping off and to whom
- The greeter will verify that the visitor is on the student's contact list
- The visitor will be asked to enter the vestibule
- The visitor will label the item with the provided labels and place it on the table within the vestibule and the greeter will ensure the visitor leaves the vestibule.

## After the School Day

After 2:20 p.m. at the elementary school and 2:45 p.m., at the middle and high schools, parents/guardians are to wait outside to pick up their child. No student may be signed out between those times and dismissal. No parents should enter the building during student dismissal.

Visitors who need to enter the building after dismissal will follow the procedures above.

### **Public Conduct on School Property**

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to dress appropriately for the purpose for which they are on school property and abide by established school rules.

No person shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or the personal property of a teacher, administrator, other district employee, or any person lawfully on school property including graffiti or arson.
3. Disrupt the orderly conduct of classes, school programs, or other school activities.
4. Distribute or wear materials on school grounds that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass, or discriminate against any person based on race, color, creed, national origin, religion, age, gender, sexual orientation, or disability.
6. Enter any portion of the school premises without authorization to remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations, or other restrictions on vehicles
9. Possess, consume, sell, distribute, or exchange alcoholic beverages or controlled substances or be under the influence of either substance on school property or at a school function.
10. Possess or use weapons in school, on school property, or at a school function except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property.
12. Gamble on school property or at school functions.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance, or board policy while on school property or while at a school function.
16. Smoke a cigarette, cigar, pipe, electronic cigarettes, or use chewing or smokeless tobacco.

### **General Penalties**

**Persons who violate this code shall be subject to the following penalties:**

1. Visitors will have their authorization to remain on school property revoked and they will be directed to leave the premises.

2. Students will be subject to disciplinary action as the facts may warrant.
3. Employees may be subject to disciplinary measures as detailed by law and as dictated by the facts.

### **Discipline for Activities Not Occurring On School Premises**

Many times incidents that occur off school premises affect the rights and safety of students within our schools. Therefore, it is the policy of the Board of Education that students shall be disciplined for off-campus conduct if such conduct presents a risk or harm to the students or other people in the school setting, if such conduct is detrimental to the interest of the school district, or if such conduct disrupts the school environment.

### **DAILY ROUTINES/GENERAL INFORMATION**

**Absences** – Parents/guardians should call Central Registration (ext. 2331) or email ([centralregistration@libertyk12.org](mailto:centralregistration@libertyk12.org)) when their child is absent from school. Parents/guardians who do not correspond will receive a phone call from an automated machine. Each child must submit a written excuse from the parent/guardian upon return to school immediately after any absence. If the student does not bring in an excuse, the absence is considered illegal. Students cannot make up illegal absences. In the case of prolonged or extended absences, the school may require medical certification.

**Annual Notification Forms** – Each September, students will receive forms for parents/guardians to review and in most cases, return with a signature. These forms include:

- Student Handbook Receipt and Acknowledgement
- Student Information, Information Release, Evacuation, Military/Higher Learning, Medical/Field/Trip/School Messenger Form
- Acceptable Use Policy for Computer Network and Internet
- LCSD Student/Parent Device Agreement

**Assemblies** – Student assemblies are selected to enhance the school curriculum and are seen as part of the overall educational process. Attendance is strongly encouraged. Students are reminded of proper conduct at assemblies and they should: 1) remain with their class and teacher, 2) speak in whispers when necessary, 3) pay attention to the speaker/performer, and 4) applaud only when appropriate.

**Parents who wish to remove their child from assemblies must provide a written note to the Main Office 24 hours before the start of the assembly. Students will not be allowed to leave school grounds unless their parent comes to school to sign them out.**

**Automatic External Defibrillators** – The Liberty School District maintains on site, in each building, at least one functional automated external defibrillator (AED) for use during emergencies. Whenever public school facilities are used for school-sponsored events, at least one staff person who is trained in the operation and use of an AED will be present.

**Backpacks and Messenger Bags** – For health and safety reasons, backpacks, and messenger bags may not be used in the building. They may be used for carrying materials back and forth from home but then must be secured in the student's locker. Failure to comply will result in appropriate disciplinary action. Students carrying purses/handbags/man bags that are greater than 8 inches by 11 inches in size will be considered as carrying a bookbag and will be directed to place the book bag in their locker. Such items will also be subject to search.

**Breakfast** – Breakfast is available in the cafeteria until 8:05 AM. Cafeteria rules apply. Students may not enter the cafeteria after 8:05 AM (10:05 AM on two-hour delays) for breakfast.

**Bus – Conduct** – The school bus is in reality an extension of the school and student behavior will be evaluated by the same standards. Eating on the bus may be prohibited if, in the driver's opinion, the practice results in excessive littering. Students must follow the behavioral guidelines and procedures of Liberty High School while boarding and riding the bus to and from school and school-sponsored activities including the use of electronic equipment. The driver or bus aide will write a referral for any behavior that is inappropriate. Examples of inappropriate behavior include, but are not limited to vulgar language, refusal to comply with bus rules, eating and drinking, harassment, inappropriate gestures to those inside and outside the bus, and failure to sit in assigned seats. In addition, students are expected to comply with the following safety regulations:

1. Students have five minutes from the time of their dismissal from school to board their bus. Students who are late due to their own negligence will be expected to seek alternate means of transportation.
2. Students may not get off buses once they have boarded without authorization or consent or unless an emergency arises.
3. Students who desire transportation on buses other than their own must obtain **written** consent of their parents and approval of appropriate school authority and present it to the driver of the alternate vehicles. Groups of students, e.g. Brownies, Girl Scouts, etc. will be allowed to ride only if their presence on the bus does not overload the vehicle. Should the number of students in the group cause the vehicle to be overloaded, transportation will be denied to the entire group.
4. Students must be promptly seated once entering the bus and remain seated while the bus is in motion until the bus comes to a complete stop. Students are not allowed to occupy any position that will interfere with the vision of the driver and his/her driving. Bus drivers are authorized to assign seats. In addition to their belongings, students are to keep their feet, legs, and arms out of the center aisle. Students shall obey all bus driver/aide instructions while on the bus.
5. Students must maintain conversations in a normal tone of voice so that the driver's distraction is kept to a minimum. Students shall maintain complete silence whenever a

- school bus approaches a railroad track.
6. Students are not permitted to extend their arms or heads out of the bus windows. Students are to place all waste paper in the receptacles provided on each bus. Throwing of litter in or out of the bus is strictly prohibited.
  7. Upon being discharged from a school bus, students are expected to proceed directly to their home or to school.
  8. Students who must cross the road to board or upon discharge from a school bus, must cross ten feet in front of the bus when signaled to do so by the bus driver.
  9. Large parcels, groceries, and pets are prohibited from being brought on the bus.

Consistent or serious bus safety infractions will result in loss of transportation privileges. Students and parents are reminded that the Board of Education, the Superintendent of Schools, and/or Building Administrators have the authority to suspend the transportation riding privileges of students who are disorderly and insubordinate. In such cases, the parents of the children who are involved become responsible for seeing that their children arrive to, and depart from school in a safe manner.

**Bus – Late and Activity/Sports** – In addition to regular bus transportation, late buses are provided for regular bus students engaged in approved after school activities including those students assigned after school detention. The **4:00 PM** bus operates everyday. Passes to board this bus are available from the activity advisor/teacher.

The **6:00 PM** bus operates everyday during sports seasons. Seasonal passes are issued to regular bus students who become members of an interscholastic sports team. At the end of the season, passes are returned to the coach. Failure to comply with pass procedures will result in disciplinary action. Students not affiliated with an interscholastic sports team may NOT ride these buses.

#### **Bus – Student Responsibilities**

1. Students are not to enter the bus when the driver is not there.
2. Students are to be at their bus stop five minutes **before** their “normal” pick-up time. However, in the event a student is not at his or her stop, it is **expected** that the bus will still stop. If the dwelling is out of the driver’s sight, the driver will wait for a sufficient amount of time necessary for the students to board the bus and students to be seated. If not waved on by a parent at this point, drivers may proceed to their next stop if the student is not in sight of the bus driver.

**A student or students who are habitually late in getting to their bus stop on time will receive a referral addressing the issue, along with the parents being contacted to discuss/resolve the issue. Each bus must keep a timely schedule in order to arrive at school for the 8:00 AM unloading time. Exceptions can be made in times of inclement weather regarding a bus’ timetable as road conditions can affect pickup times substantially.**

**Bus – Video Cameras** – Video surveillance cameras may be used to monitor student behavior on school vehicles transporting students to and from school or extracurricular activities. Students found violating bus conduct rules would receive disciplinary action.

**Cafeteria** – Students may visit the cafeteria only during their assigned lunch period. Students may socialize at their tables using appropriate voice levels. After eating, students must remove all trays, utensils, and trash to the proper disposal area(s). Littering is prohibited. No food or drink may be taken out of the cafeteria, except in the case of students serving lunch detention. Students with a pre-signed pass may go to the library or get help from a teacher. Passes to other locations will not be allowed. Failure to adhere to these rules will lead to disciplinary action.

**Cameras - District, Building, and Bus Surveillance** – Video surveillance cameras may be used to monitor student behavior, promote student and staff safety, and to deter vandalism within school buildings, on school property, and when transporting students to and from school or extracurricular activities. Students found violating code of conduct rules would receive disciplinary action.

**Change of Address/Telephone Number** – Parents and students should report any changes to the main office as they occur.

**Class Absences/Make-Ups** – Students who wish to make up classes must obtain a pre-signed pass from the teacher with whom they will be making up the class and show it to their study hall teacher. Students may not miss one academic class to make up another academic class. Students who become ill during the school day and miss class must present the regularly assigned teacher/study hall monitor a pass (verification of their whereabouts) from the Nurse on the next day they attend class. Regular visits to the Nurse without a verifiable medical reason will be treated as a class cut. Failure to adhere to all of these rules will result in a referral for class cutting and the suspension of pass privileges for a length of time to be determined by an administrator.

**Computer Acceptable Use Policy** - Technology is used to support teaching and learning. Networks, including the Internet, allow people to communicate with others using technology. It is the policy of the Liberty Central School District that all technology will be used in a responsible, legal, and ethical manner. Failure to do so will result in the termination of network privileges for the user.

**Dismissal** – All students are to leave the building by 3:05 PM unless under the direct supervision of a staff member or coach, or face disciplinary action.

**Distribution of Literature on School Grounds** – No literature may be distributed on school grounds unless the Superintendent and Building Principal approve a copy in advance.

**Early Leave Request Procedure** – If a student must leave school before the end of the school day, they must adhere to the following procedures:

1.
  - a. If more than 24 hours from the date requested, students must have an email from their parent/guardian to the main office ([HSSecretaries@libertyk12.org](mailto:HSSecretaries@libertyk12.org)) or bring a note from a parent/guardian to the Main Office. An administrator must approve the request prior to the student dismissing. The reason for the school/class absence must adhere to the Board of Education policy as outlined in the Student Attendance Policy.
  - b. If less than 24 hours from the date requested, a parent/guardian must enter the building to pick up their child. If the parent or designee listed on SchoolTool is unable to pick up the child, they will call the HS main office to gain administrative approval. The reason for the school/class absence must adhere to the Board of Education policy as outlined in the Student Attendance Policy.
2. The written note or email should clearly state the reason for the early leave request, the specific time requested, if the parent/guardian is giving a second party permission to pick up the student and the arrangements for transportation. Only those individuals authorized by parents on their SchoolTool profile may pick up the student; however, an emergency contact may not request to sign out a student without verification from the parent/guardian. The individual picking up the student must sign the student out at the Main Office.
3. If a student is driving (and has official permission to do so), the student will leave at the approved time. Loitering on school property, while on early leave, will mean automatic loss of this privilege for a time determined by administration.
4. Students who have permission to leave school early must wait in the classroom until their transportation arrives. The Main Office will notify the classroom when the student's transportation arrives.
5. Any student with an approved early leave must sign in at the Main Office if he/she returns to the school before the end of the school day. Students will not be allowed to leave and return during study halls, lunch etc., **as Liberty High School is a closed campus.**

**Electronic Equipment/Devices** – Electronic devices have become an integral part of the educational process. Electronic devices enhance the learning experience providing access and tools for all students. Most students possess such devices and parents support their appropriate use in a school setting. Liberty High School encourages the appropriate use of school issued electronic devices in the classroom or other school settings. The use of electronic devices must not endanger persons or property, disrupt the educational process, or violate a publicized policy of the school. The behavior of the student using the device is addressed rather than the possession of the device.

**Use in the Classroom** - Appropriate use of electronic devices and systems enrich the teaching and learning process by permitting access to external references and learning tools

including online texts, interpretations, and other resources thereby connecting the classroom to the world. Use of electronic devices is inextricably linked to greater success in the acquisition of skills and competencies and prepares students for post-secondary education, the workplace and life. Use of electronic devices is not appropriate where safety is a concern.

Classroom use of school-issued electronic devices is subject to regulation by the teacher and a social contract is encouraged subject to classroom rules developed as part of the social contract. Use of personal electronic devices is not permitted in instructional Red Zones.

The possession and use of personal Electronic Devices (E-Devices) is a privileged part of the educational experience. The school may revoke the privilege of possessing and using personal E-devices at any time at its sole discretion. Personal e-Devices include devices used to communicate, receive, send, store, record or listen to voice, text, digital, audio, video, photo, electronic or internet/cyberspace data, images and/or information which shall include but not be limited to smart phones, cellular phones, iPads, iPods, Personal Digital Assistants, MP3 Players, portable music players, laptops, CD players, game players, cameras, video cameras, GPS, etc. The school is not responsible for lost, damaged, or stolen personal e-devices, programs, or contents.

1. Personal e-devices may be carried by the student during the school day but must be carried in the off or silent mode, with the exception of during the lunch periods.
2. Personal e-devices may be used, viewed, and listened to by students before and after school and during the student's lunch period. Additionally, personal e-devices may be used in the classroom for academic purposes/note taking at the discretion of the teacher.
3. Personal electronic devices should be turned off and placed on the designated tape spot in academic classes. The only exceptions to the tape procedure includes the woodshop (devices stored in woodshop lockers), Physical Education (devices stored in gym lockers), music (procedure tbd by instructor), and Personal Fitness devices permitted for weight room App access).
4. In all areas, zones will be determined by supervising staff members indicating the protocol for that area/zone:
  - a. **RED ZONE** - No personal e-device use allowed. This includes classrooms and emergency events. Personal e-devices must be placed on the designated tape.
    - i. The only exceptions to the tape procedure includes the woodshop (devices stored in woodshop lockers), Physical Education (devices stored in gym lockers), music (procedure tbd by instructor), and Personal Fitness devices permitted for weight room App access).
  - b. **YELLOW ZONE** - Students may use one earbud paired with their personal or school issued e-device. Use of devices (talking, texting, watching videos, taking pictures and videos, etc.) is **not allowed** while students are in the hallway/stairwell, or walking for their own and others' safety.

- c. **GREEN ZONE** - Students may use personal/school issued e-devices in accordance with the Student Code of Conduct, including appropriate use of social media.
5. In the event of illness at school, students must utilize the health office in order to facilitate parent contact, not personal or school-issued electronic devices. The school nurse is responsible for monitoring all dismissals due to illness.
  6. It is never acceptable to take photos or videos of others without their permission.
  7. It is never acceptable to send threatening or harassing text messages or phone calls.
  8. Personal or school-issued e-devices are not to be used on exam days, unless the classroom instructor has developed a specific testing protocol necessitating their use.

### **Red Zone Procedure:**

If not returned, report cards, schedules, and/or diplomas will be withheld, or not participating in the end of the year ceremonies. If a student leaves school before the end of the year, the student is to leave their Chromebook with the main office. Students will receive this emergency form at the beginning of the school year, which must be completed and returned to the Main Office. Failure to submit a completed and validated emergency form by the fourth day of attendance will result in loss of privileges. If at any time there is a change in the student’s medical status, it is imperative that the parent/guardian notify the School Nurse to assure the child’s safety and well-being.

**Field Trips** – Advisors/coaches are in charge of student conduct. Parents are invited and encouraged to chaperone selected school field trips. Any parent interested should contact their child’s teacher. Behavior that discredits Liberty High School will not be tolerated. Students are expected to leave and return on the same bus. Parents who want their children to return in the family vehicle must secure permission before the trip from the advisor/coach and an administrator. **Students who have outstanding disciplinary obligations or a history of chronic and/or serious misconduct will not be allowed to participate.**

**Fines** – All student obligations including the return of chromebooks, textbooks, materials, equipment, and payment of fines must be met by the last day of school. Students with outstanding obligations/fines may not be issued schedules, report cards, and/or diplomas and they cannot register for Summer School.

All students are expected to cooperate with staff members during emergency events and leave the buildings in a quiet and orderly manner. Due to the unknown nature of some emergency events, students are not to use electronic devices, unless requested to do so by a staff member.

**Food** – Students may not leave school to get food for lunch during the school day nor may they call to have food delivered.

Accidents on school property occurring after school hours must be reported on the next school day. Allergies and/or rashes must also be reported to the Nurse.**

**Immunizations Required by Law** – All students must be age appropriately immunized to enter/attend school. Keeping children up to date with vaccinations is the best way to protect them, the school, and the community from outbreaks that can cause unnecessary illness.
